

15th Aquaculture Association of Southern Africa conference

**Aquaculture in Africa:
Redefining Innovation
& Sustainability**

CALL FOR ABSTRACTS - NOW OPEN

The 15th Aquaculture Association of Southern Africa (AASA) Conference Conference, co-hosted by the EU Horizon 2020 ASTRAL (All Atlantic Ocean Sustainable, Profitable and Resilient Aquaculture) project as part of the Atlantic Aquaculture International Conference 2024, will be held from 9 to 13 September 2024 on the Stellenbosch University Campus.

The Conference program will focus on the classical Aquaculture topics like: *Nutrition & Feed, Health & Disease, Breeding & Genetics, Water Ecology, Marketing & Finance, Production Systems, Aquaculture Policies* etc. But new relevant topics will also be added to the program like: *Sustainability, Biotechnology, Genomics, Aquaponics, New Technology & Innovation, Seaweeds, IMTA Systems, New Species, Socioeconomics* and *Research & Development*.

With this conference we have made a significant investment into the aquaculture sector and hope you will use this event to facilitate greater regional cooperation, international linkages and to make new friends and acquaintances.

Given the global demands for aquaculture products and resources we have in Africa, we look forward to great advances in this sector on our continent. It is with this in mind that we believe we can collectively take aquaculture to new heights. This Conference is arranged for you, we invite you to make full use of this special opportunity.

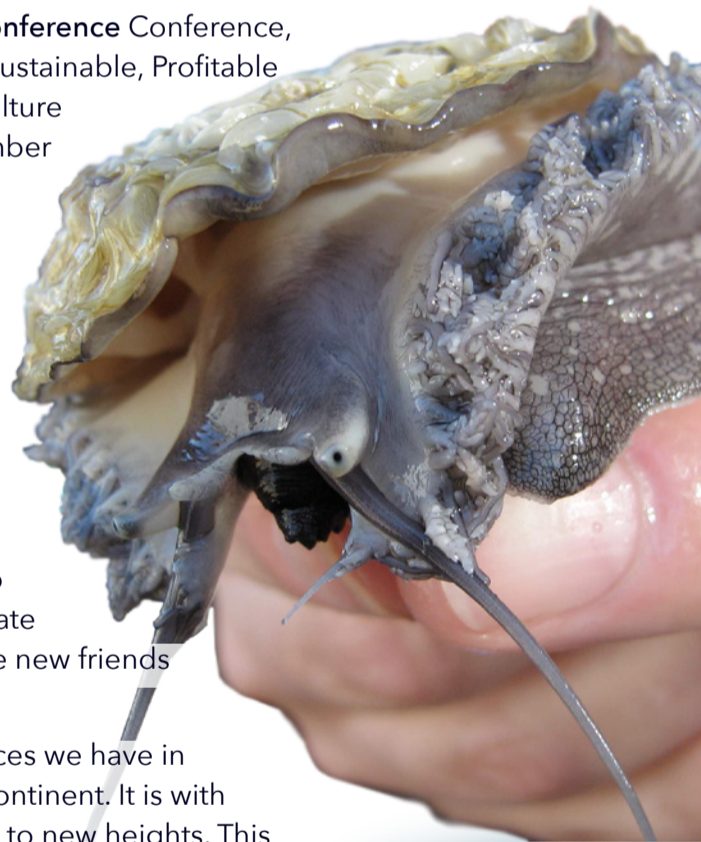

Call for abstracts are now open at <https://www.aasa-aqua.co.za/conference/>

The **deadline** to submit your abstract is **3 June 2024**.

For more information on attending the conference, sponsoring and exhibiting please contact the organizers at confetal@iafrica.com.

Online registration will open by **15 April 2024**.

We look forward to welcoming you to Stellenbosch.
